

IMPORTANT INFORMATION FOR RV GUESTS – PLEASE READ!!

CABLE BOXES - You will be required to use a converter box for cable now. We have them to borrow, please let us know on check in if you need one.

Wi-Fi - Basic wi-fi for emails and surfing the web is free. Our provider is Tengo and they do provide higher speed connections for a fee. Info is in your welcome package and online with Tengo. If you are staying for an extended period of time, you can contact SHAW for personal internet service.

TENTS- Only in designated areas. With Unit where permitted max. 8' x 8' Tent only- max 10' x 12' PICNIC **SHELTERS**-max. 10' x 10' no walls; NOT permitted on lighthouse berm.

SEWER SYSTEM -Salmon Point RV Park has its own sewage treatment system. The system has an outfall to the ocean and there are many chemicals that can be harmful to its operation and to the environment. We sell Westchem Zymeout, Crystal Blue & Walex Bio-Pak drop-ins or you can use nothing at all.

Sewer adapters are **ALWAYS** required to hook-up your unit to our system.

The following is a **list of Approved chemicals** that we have confirmed may be used with our Sewage treatment system. If you're using a product not on this list, you will need to dump prior to occupying a site
